

PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., FRIDAY, SEPTEMBER 25, 1896.

ONE CENT.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Mrs. Henry Irving of Paris is the guest of Mrs. H. C. Sharp.

Colonel Charles D. Pearce and family have returned from Louisville.

Miss Sophie Duke of Nashville, Tenn., is the pleasant guest of Miss Alice Gill of West Second street.

Miss Florence McDaniel has gone to Toledo where she has a position in a large clock establishment.

Mr. Thomas S. Andrews, Cashier Deposit Bank of Pearce, Fanc & Co. of Flemingsburg, was in the city yesterday.

Miss Florence W. Frank of East Second street is spending a few days with Mr. and Mrs. David Wood of Forest Avenue.

Mrs. George W. Dye returned today to her home at Sardis after a pleasant visit to Mr. and Mrs. J. D. Dye of West Second street.

Colonel H. A. Johnson is here from a trip to Mexico during which he was subpoenaed with General Diaz, President Juarez and a lot of the lesser lights of that 50-cent country.

Colonel Joe Kindig is in Danville this week trying to buy 100 miles.

"Baby Show" at the Ball Park this afternoon will take place at 3 o'clock. All babies one year old and under are eligible.

Miss Allyne Hamilton has a flower-piece in Ray's window that has attracted marked attention, and stamps this lady a real artist.

Robert P. Tidburn, a prominent trotting horse breeder known all over the United States, is dying at Lexington from the effects of the stomach.

Hon. E. J. McDermott, one of the most prominent lawyers of Louisville, will take the stump for Palmer and Buckner, making his first speech at Music Hall October 10th.

The McKinley, Hobart and Club of the Fifth and Sixth Wards held a rousing meeting last night, and the address of Mr. Milton Johnson was enthusiastically received.

The speakers at the U. B. F. picnic today are Hon. W. A. Gains of Covington, Rev. W. H. Shellebourne of Maysville and Prof. J. R. Spurgeon of this city. The speakers will begin promptly at 2:30 o'clock.

Elmer T. P. Dagman of Springdale sold a yearling calf in Cincinnati last Tuesday, that weighed just 1,000 pounds. Considering that the drift on this calf must have been at least 60 pounds, this was no slouch of a bovine.

At the meeting of Wyandotte Tribe No. 3, I. O. O. M., held last evening, these officers were chosen:

Sachem—Lee Hanck; Prophet—Frank H. Bromley; Senior Sachem—W. H. Chapman; Junior Sachem—W. W. Ray; Trustee, Eighteen Months—Thomas M. Luman.

In the Circuit Court at Frankfort Judge Cantrell sustained a demur to the answer in the case of the State against ex-Auditor L. C. Norman and Auditor's Agent Barker. This was a big victory for the state, which is suing for \$45,000 alleged to have been illegally paid to Barker by Norman as Auditor's attorney.

Mr. Charles Hanauer and Dr. Stella Hunt passed through Maysville yesterday afternoon on their tandem. They were married Wednesday evening at Cincinnati and will spend their honeymoon on their wheel, covering the following route: From Cincinnati to Lexington, thence to Louisville, to St. Louis, then to Kansas City and Denver and return. The trip will occupy about four weeks. They are both enthusiastic bicyclists.

AND DIDN'T KNOW IT!

A Maystick Man Divorced From His Wife Last Week.

Last week H. C. Henson of Maystick lost his wife by a divorce decree in the Hamilton County Court.

The entry recites that Henry Henson refused to furnish Bessie Henson with "enough provender to keep her organic system from faltering."

Yesterday County Clerk Hobson received a letter from Henson wanting to know about the case.

"He was not advised of Court proceedings, he says, and he pleaded for one more chance to 'start things out.'

In reply Hobson sent Henson a certified copy of the decree.

MAYSVILLE WEATHER.

What We May Expect for the Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNALS.

Wide streeter—Fair; Blue—Rain or Show;

Cloudy—Cloudy; If Black beneath—Cloudy; If

be; Unless Black's shown—no chance

Blue Stone will keep your wheat from smutting. For sale at Chenoweth's.

For Pure Drugs call on Henry W. Ray, success to Thomas C. Power, next door to Postoffice. Prescriptions a specialty.

The colored people of Dover will have a political speaking at Terhune Hall Saturday night. Prof. J. R. Spurgeon of Mayville will address the meeting.

STOP THAT COLD.

Jay's Ladrige Tablets are guaranteed to cure your money refunded by Pecor.

The Court of Appeals has affirmed the judgment of the Mason Circuit Court in the case of Glover v. Wilson. Judge Harbison's decisions generally stand.

The Sporting Editor of The Lexington Leader is authorized to offer the following: \$1,000 to \$700 that William McKinley is elected President of the United States.

Mrs. Orla Edgington, formerly of this city, died this week at Indianapolis. Her remains were brought here Wednesday morning and interred in the Maysville Cemetery.

In the make-up of the Committee of the Sovereign Grand Lodge I. O. O. F. at Dallas, Texas, Mr. William H. Cox of this city was given a place on the Committee of Finance.

Yesterday a load of oats was brought from Lewis county to the stable of Messrs. Parker & Smoot, and with it came a three-foot blacksnake, which was killed by the stable employee amid considerable excitement.

The first Quarterly Conference for this year at Mitchell Chapel, Sixth Ward, will be held tonight. Services at 8 o'clock, conducted by Presiding Elder D. W. Robinson, assisted by the new Pastor, Rev. H. W. Darlington.

Messrs. L. W. Gabrath and Thomas A. Davis will discuss the monetary question at Sardis on Saturday evening, October 3d. Highly invited—Free-traders, Free-silverites, Free-souopers, Gold bugs, Potatobugs and Humbugs.

Did it Ever

occur to you that a Printer who sends you a paper 313 days in the year would like to have his pay just on one of those days?

The monument on South Mountain, a few miles from Beocoboro, Md., erected to the memory of George Washington by the citizens of Beocoboro in 1827, was either struck by lightning or dynamited a few nights ago and badly shattered. A large portion of the handsome structure fell in a mass at the base. Some years ago an attempt was made to destroy the monument by dynamite, and the pilla was much weakened. The work of the lightning or of vandals a few nights ago has completed the work of destruction.

STEPHEN A. DOUGLAS:

HEAR HIM AT THE OPERA-HOUSE TOMORROW NIGHT.

Hon. Stephen A. Douglas, who will address the citizens of Maysville and vicinity at the Opera-house on Saturday evening, September 26th, is one of the most fluent and capable speakers enlisted in the cause of Republicanism in this contest.

He is the son of the late Stephen A. Douglas, the famous United States Senator from Illinois just prior to the Civil War, whose series of debates with Abraham Lincoln on the political issues of that day gave him world wide renown as an orator.

The son has inherited many of his father's brilliant attainments.

His tour of Kentucky, which will end in Maysville, has created a great deal of enthusiasm.

Let Maysville be his honor.

Go and hear him, everybody.

ATTENTION, REPUBLICANS!

LET EVERY ONE TURN OUT SATURDAY EVENING.

The members of the McKinley, Hobart and Fogg Club of the First, Second, Third and Fourth Wards will assemble at the Courthouse on Saturday evening, September 29th, at 7 o'clock prompt.

Preceded by the Maysville Band they will march to the Amazon Hall, headquarters of the Fifth and Sixth Ward Club.

The two Clubs will then march through the city to the Opera house, where the Hon. Stephen A. Douglas will deliver an address.

Let there be a large turnout of the members and all who are in favor of honest reward for honest labor.

All other Republican Clubs are cordially invited to participate in the parade.

The Free silver folk of Sardis are much excited. They are begging for some one to speak there in reply to the speech of Mr. Thomas A. Davis last Saturday night. Well, they will not find anyone who can successfully refute the facts of history and Democratic history at that—and that was the basis of Mr. Davis's statements.

Y. M. C. A. NOTES.

Something of Interest to the Young Men of Maysville.

"Manliness" will be the theme of the address to be given by Rev. J. D. Chapin at the Men's Rally in Association Hall Sunday afternoon at 3 o'clock. This subject is certainly a very appropriate one for a Y. M. C. A. service, and those who go to hear its presentation by Mr. Chapin will not be disappointed. The men of the city—young and old—are cordially invited to attend and participate in the singing. The opening song service will begin promptly at 8 o'clock.

REV. B. FAY MILLS.

His Lecture at the Opera-House Wednesday Evening.

A letter from Rev. B. Fay Mills to the Portsmouth Tribune.

WE'RE FOR AMERICA & AMERICANS!

"I believe that it is a good deal better to open up the Mints of the United States to the Labor of America than to open up the Mints of the United States to the silver of the world."—WILLIAM McKNLEY.

Every attack upon the public faith and every suggestion of the repudiation of debts, public or private, must be rebuked by all men who believe that honesty is the best policy, or who love their country and would preserve unsullied its National honor.—WILLIAM McKNLEY.

THE long-expected fusion between the Free-silver Democrats and Populists in Kentucky has at last been consummated. The Populists get two Watson Electors, but no Congressional division. The Kentucky Democrat who votes for BRYAN in November will have to vote in part for the straight Populist ticket nominated at St Louis. He will vote for eleven Bryan and Seward Electors and two Bryan and Watson Electors.

EDWARD ATKINSON, whose figures stand the test, says that more than three-quarters of the present product of silver bullion of 175,000,000 ounces a year comes from mines belonging to British owners. Mr. BRYAN promises to double the value of this British bullion by the stamp of American Mints and without asking the consent of any other Nation on earth. It is not likely that he would have to ask a second time for the consent of the British silver barons.

THE Louisville Evening Post suggests the following table as the probable result of the vote in the Electoral College:

For McKinley.	For Bryan.
Connecticut.....	11
Arkansas.....	6
Delaware.....	1
Penns.	1
Illinoi.....	5
Idaho.....	5
Indiana.....	10
Kansas.....	10
Kentucky.....	12
Maine.....	3
Massachusetts.....	12
Michigan.....	12
Minnesota.....	17
Missouri.....	17
New Jersey.....	12
New York.....	22
Ohio.....	22
Oregon.....	4
Rhode Island.....	4
Tenns.....	12
Utah.....	4
West Virginia.....	6
Wisconsin.....	12
Total.....	128

As a means of comparison, The Post also prints the estimate sent out by the Press Bureau at the Silver Democratic Headquarters of the states which will be for BRYAN and the majorities claimed in each:

Alabama.....	50,000	Missouri.....	60,000
Astoria.....	75,000	Montana.....	10,000
California.....	100,000	Nebraska.....	40,000
Colorado.....	100,000	North Carolina.....	20,000
Florida.....	100,000	North Dakota.....	10,000
Georgia.....	100,000	Oregon.....	10,000
Idaho.....	100,000	South Carolina.....	10,000
Illinoi.....	100,000	South Dakota.....	10,000
Indiana.....	100,000	Tennessee.....	40,000
Iowa.....	100,000	Utah.....	10,000
Kansas.....	100,000	Washington.....	10,000
Michigan.....	100,000	West Virginia.....	10,000
Maryland.....	100,000	Wisconsin.....	50,000
Minnesota.....	100,000	Wyoming.....	50,000
Mississippi.....	100,000	Total.....	900,000

This estimate gives BRYAN 36 out of 51 states, with 224 Electoral votes.

Put both of these tables away, and in November compare them with the results to see which is the most accurate.

The Ledger's Leaflets—No. 6.

The following financial calendar of the past quarter of a century shows what the leading Nations of the world have done with silver during that period:

- 1871. Germany adopted a gold standard.
- 1872. Belgium suspended standard silver coinage.
- 1873. Holland suspended silver coinage.
- 1873. Denmark adopted a gold standard.
- 1873. Germany demonetized silver coins.
- 1873. Norway adopted a gold standard.
- 1873. Sweden adopted a gold standard.
- 1873. United States suspended free coinage of silver dollars.
- 1873. The Latin Union limited their silver coinage.
- 1875. Suspension of silver coinage in Italy.
- 1875. Switzerland declined to coin her quota of silver under Latin Union.
- 1875. Suspension of silver coinage on account of Dutch Colonies.
- 1876. France suspended the coinage of silver.
- 1877. Finland adopted the gold standard.
- 1878. Spain suspended the free coinage of silver.
- 1878. Latin Union suspended coinage of silver except subsidiary coins.
- 1878. United States resumed the coinage of silver dollar, but on Government account.
- 1879. Austria-Hungary suspended the free coinage of silver.
- 1885. Egypt adopted a gold standard.
- 1890. Roumania adopted the single gold standard.
- 1890. United States suspended the coinage of silver dollars and began the purchase of bullion.
- 1891. Gold standard adopted in Tunis.
- 1892. Austria-Hungary adopted the gold standard.
- 1893. Mints of India closed to the free coinage of silver.
- 1893. United States suspended purchase of silver bullion.
- 1895. Russia decided to coin 100,000,000 gold rubles.
- 1895. Chili adopted the gold standard.
- 1896. Costa Rica adopted the gold standard.
- 1878-1881-1892. Three international conferences held to try to re-establish the use of silver.

Meantime the United States increased her full legal tender silver 50 fold in the face of a 50 per cent. fall in its value, until her credit and financial standing could endure the strain no longer, and she was obliged also, reluctantly, to suspend silver coinage.

What would happen if she were to resume and open wide the doors of her Mints to the discarded silver of the world! It does not require much of a financier to answer that.

The figures I shall give, except these showing the production of silver since 1892, are all taken from a report submitted by Mr. Voorhees, a Free-silver advocate, on behalf of the Finance Committee of the Senate, March 5th, 1894, which report is entitled "Coinage Laws of the United States from 1792 to 1894, with an Appendix relating to Coins and Currency," Fourth Edition, Revised and Corrected to August 1st, 1894. Prepared under the direction of the Committee."

According to that report, page 275, the production of silver in the world from 1893 to 1892 amounted to 7,322,507,716 ounces, and there had been produced since 1892 about 600,000,000 ounces in round numbers. Add this to the other sum and we have a total of 8,123,507,716 ounces. I have no data showing the production of silver prior to 1893, and hence I cannot give the figures, but I think it may be safely assumed that it amounted to as much as the whole amount of silver that has been lost or destroyed. In order to be sure that we are on the right side, however, let us deduct 123,507,716 ounces, and state the present supply of silver in its various forms in the world at 8,000,000,000 ounces. This is worth 60 cents per ounce or \$4,800,000,000 in the aggregate.

I presume it will be conceded by Mr. Bryan and his adherents that the price of silver bullion in this country cannot be affected without at the same time affecting it everywhere, and that the rise in the price will apply to all silver, whether in bars or wares as well as in coins, throughout the world. In gold standard countries the

commercial value of the silver coins in circulation would be brought nearly to the gold standard. This flat of ours would substantially double the value of \$112,000,000 in silver coins in Great Britain, \$50,000,000 in France, \$125,000,000 in Germany, \$54,000,000 in Belgium, \$16,000,000 in Italy, \$15,000,000 in Switzerland, \$3,000,000 in Greece, \$155,000,000 in Spain, \$10,000,000 in Portugal, \$8,000,000 in Portugal, \$5,000,000 in Sweden, \$5,400,000 in Denmark, \$44,000,000 in Turkey, \$7,000,000 in Australia, \$15,000,000 in Egypt, and \$110,000,000 in the Straits, besides \$635,000,000 in this country, and raise all this money nearly to par with gold; and yet we are told that all these countries not only refuse to join Mr. Bryan and his supporters, but even do not sympathize with them in this stuporous enterprise which would add so much to their wealth and in a large degree relieve them from the burden now resting upon them of keeping their gold and silver coins at par with each other in their circulation. But how would it work in the silver standard countries?

This Government flat of ours would at one fell swoop substantially double the value of \$41,000,000 in silver coins in Russia; \$30,000,000 in Mexico; \$9,000,000 in the Central American States; \$80,000,000 in India, and \$735,000,000 in China, and would at the same time double all the private and public debts of these countries, which have been contracted on the silver basis. But Mr. Bryan's

proposition is more farreaching than that. He asserts that he believes that this legislation flat on our part would not only bring the silver now in existence to par with gold at the ratio of 16 to 1, but would keep it and the future production there, although doubling the price would hereafter probably double the production.

In view of these facts, is there any impropriety in inquiring how it is that we, 70,000,000 strong, can affect the money of 1,850,000,000 people by a simple statute, while the 1,850,000,000 cannot by legislation affect us? And are the people of Great Britain and continental Europe and many millions of Americans to be dubbed "money-grabbers" and "plutocrats," if they hesitate to believe that Mr. Bryan has found and carries Aladdin's wonderful lamp, and can produce these stupendous results? And are the millions of people in this country, who have made contracts and investments upon the present monetary standard, which is gold, and which has been the standard at least since 1870, and I think since 1884, to be charged with being unreasonable when they ask Mr. Bryan to state explicitly what he believed would occur not only to their interests, but to the business of the whole country, if his prediction as to the rise in the price of silver should not be fulfilled, and the standard of exchange should suddenly be changed from a gold to a silver basis, with no, or at best a slight, advance in the commercial value of silver bullion?

TO CURE A COLD IN ONE DAY.

Take laxative Bromo Quinine tablets. All druggists refund the money if it fails to cure.

The fall term of the Mason Fiscal Court will begin on Tuesday, October 1st.

In a recent letter to the manufacturers Mr. W. F. Benjamin, of Springfield, S. C., states: "I am sure you will be interested to know that Joseph T. Calvert, of Cincinnati, N. Y., says: 'It may be a pleasure to you to know the high esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and the summer before leaving home wrote me, asking if they were sold here, stating if they were not she would bring a quantity with her, as she did not like to be without them.' The medicines referred to are Chamberlain's Cough Remedy, famous for its cures of colds and cough; Chamberlain's Pain Balm, for rheumatism; Chamberlain's Cold, Cholera and Diarrhea Remedy for bowel complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people have learned that they are articles of great worth and merit, and are unequalled by any other. They are for sale here by J. James Wood, Druggist.

Who can think of some simple idea that may be of service to you? Write to me, giving your name, address, and telephone number, Washington, D. C., for \$1.00 per issue and list of two hundred inventions wanted.

JOHN R. GENTRY

Breaks the World's Pacing Record at Portland, Me.

He Paced a Mile in Harness Only Half a Second Over Two Minutes.

The First Quarter Was Made in 29 1-2 Seconds; Half Mile Finished in 59 1-2; Time at Three-Quarters 1:30 1-4; The Mile Finished in 1:00 1-2.

PORTLAND, Me., Sept. 25.—It was threatening all the morning, but the skies partly cleared in the afternoon so that the racing in the afternoon was not greatly affected. There were a fair attendance considering the weather and the races were up to the mark. It was an eventful day for Gentry because the world's record was broken by John R. Gentry, the pacer, who was pacing the fastest mile ever made in harness and placing the world's record at only a second over two minutes, or 200%. Gentry had only applied for a record on the track to test for his great trial of speed. He had been out on the track several times before and had been the center of all eyes. When W. S. Andrews drove him in the track for the first time he broke his record for the air was chilly and a light northwesterly breeze blew up the home stretch. His record before starting was 2:01 which he made September 3 at Glen Ellyn, Ill., in a record race for a race of one mile. Andrews had given Gentry two warming-up miles and it was nearly sunset when he was ready to start for the eventful mile. Andrews rode his sulky easily with a smile on his face and the spectators there were very few who believed that the record would be lowered so low the two-minute mark. A runner appeared with Gentry to help him and the two drivers drove cars down to the wire to begin the fastest mile ever accomplished by a horse in harness. The crowd cheered as he approached the starting point.

"One, two, three, Start!" Gentry and hundreds of watches caught the pace at the start. The runner's nose was within two feet of Gentry's nose as they made the first turn. In the stretch Gentry was going gracefully and easily, getting over the ground great shape that the runner had to work hard to keep up. The first quarter was given by the judges as made in 39 1/2 seconds. People began to wonder when the half mile would be made in seconds and to look for a two-minute pace. At this point the runner's driver was using the whip and making a great effort and succeeded in keeping at the wheel of Gentry's sulky. The third quarter resulted in 39 1/2 minutes the time for the third quarter post 1:34. As the horses turned into the home stretch and caught the wind in their teeth, the crowd began to shout and cheer, and Andrews showed his hand to his horse. The runner's driver also urged his horse and used the whip sparingly. All this nerve the pacer to a supreme effort, and it can be seen how hard he made the record with the whip. He made the half mile quarter quicker than the third quarter, doing it in 39 1/2, and thus covering his mile in two minutes and one-half second. This was a whole second less than his former record, which had never been broken by any horse, and only equalled by Robert J. (201%) in 1898 at Terre Haute.

THE TOWN OF CAVITE

Occupied by Spanish and Americans—Made a State of the Philippines.

MANILA, Sept. 25.—A dispatch to the Imperial from Hong Kong says that steamer which have arrived there from Manila, the capital of the Philippines Islands, bring the information that Cavite is occupied by 15,000 insurgents. One hundred monks have been murdered in the islands since the breaking out of the violence, and many more have lost their clothing having been soaked with kerosene oil and then ignited and been burned to death. Rich natives are being arrested daily. Documents have been seized by the authorities in which are named the names of the press and the various other officials of the proposed republic.

La Falsafe Held for Fraud.

NEW YORK, Sept. 25.—Henry M. La Falsafe, formerly a congressman from an Indiana district, was held in \$10,000 bail Thursday on an action by H. E. Dooley, attorney, who had a frank representation made by him to Mooney with regards to bonds on the Commerce Gas and Electric Light Co., of Fayette county, Ind., and for which Mooney had advanced him some \$80,000.

Germany's Influence with the Sultan.

London, Sept. 25.—The Daily News news in the presentation of a photograph of the German imperial family to the sultan and in the expulsion from Berlin of Prof. Thos. H. G. Moore, the well-known Armenian lecturer, to whom the telegrams telegraphed from Constantinople that Germany's influence with the sultan is now more powerful than that of all the other powers.

The Carpenters and Joiners.

CARDO, Sept. 25.—The question of making the office of the chief executive a salaried position occupied nearly all of Thursday's session of the United Brotherhood of Carpenters and Joiners, which was finally agreed to. A bill was introduced to that effect, and after a long debate it was adopted, making the amount of dues and initiation fees uniform all over the country.

Died in East Galters Arms.

CHICAGO, Sept. 25.—Harry Conaway, of Clinton, Ia., was killed in the theater of the Galters Arms, the well-known saloon on Grand Avenue, where he had his arms and had killed himself. They died in each other's arms. Jeni only the cause of the tragedy.

ARMENIAN SOCIETIES.

Five in Number, Blad Themselves Together to Rain the Ottoman Empire.

Paris, Sept. 25.—The Armenian revolutionary societies now existing there are five in number. The members of these societies, the dispatch asserts, are bound by solemn oaths to bring about the ruin of the Ottoman Empire and to force the European powers to intervene in Turkey.

The organizations receive their orders from a secret central committee.

The demands of the Armenian people in 1890 and the recent attack upon the Ottoman bank by Armenians devolved upon the Hunchak and Frouhak societies, respectively, and three other revolutionary organizations will act successively to accomplish the results at which they aim.

TORPEDO BOATS.

Contracts for Three of Them Will Be Let Soon.

WASHINGTON, Sept. 25.—The experts who have been independently absorbed in the torpedo-boat plans, have reached no conclusion regarding the superiority of the different proposed boats.

Many interest attaches to the contracts which will be let for the 30-ton torpedo boats, which will be used for coast defense.

At present, the chief difficulty is in the different proposed boats.

He tried to go on but the yell made him stop again. A song with the refrain "Gold, gold, gold" kept his words from being heard.

Finally the candidate sat down, and Mr. Bryan, who was a democratic candidate for governor and Alexander Troop chairman of the state central committee, and Dr. Fuller, the democratic candidate for congress in this district, made appeals for their election.

Mr. Bryan's remarks were received with a round of applause.

But the derisive yells broke forth again and 15 minutes later the candidate brought his remarks to a close.

REAPPROACHMENT.

No Evidence of the Miners' Strike Outside of the Front Page.

Los Angeles, Sept. 25.—Another quiet day passed Thursday and the only evidence of the miners' strike was the presence of the state militia. The court of inquiry called by Gen. Brooks adjourned Saturday afternoon in session. The miners are hoping that will give some light on the Coronado mine attack of Monday morning.

The men now under arrest for the murder of Firemen O'Keefe are Peter Murphy, James J. McGuire, John McGuire, E. J. Dwyer, secretary; George Hardin, Wm. O'Brien, Pat Kennedy, J. V. Doyle, Richard O'Hall, John Ahern, James Richards, Ernest Nicholas, Eugene Cannon, Cornelius Shea, Michael Webley, Gus Johnson and Neale Clauson.

AT AN END.

The Official Wind-Up of the Western League Standard Games.

The official standing at the close of the Western League session is thus given by President B. H. Johnson:

Won. Loss. P. C. Won. Loss. P. C.

Minneapolis..... 78 54 191
Milwaukee..... 78 54 191
Detroit..... 80 50 186
St. Louis..... 63 67 130
Kansas City..... 60 67 107
Milwaukee..... 62 78 147
Chicago..... 56 94 202

A Louisiana Lynching.

NEW ORLEANS, Sept. 25.—At 3 o'clock Thursday morning James A. Troxell, a Negro, was lynched, having been arrested Wednesday for the rape of a white girl, who was beaten with a mob which broke into the jail. During Harkins' capture Wednesday the officers fired at random into a crowd of negroes killing several and a negro was wounded.

For Templetton Didn't Sleep.

New York, Sept. 25.—Miss Fay Templeton has not slept. She is quite safe from her mother. "Miss Templeton left 'Excelsior, Jr.' on my advice," said Harkins Thursday evening, "because she was disassembled and because Mr. Harkins had broken his contract with her."

Winnipeg Black Trade.

WINNIPEG, Sept. 25.—The 73 miles of road between Grand Junction and Newcastle, on the Rio Grande railway is flooded. Traffic is suspended, wires are down, and it is estimated that it will be 10 days before the road is clear. The snow was heavy about Leadville and Glenwood.

Indians Win the Series.

DETROIT, Sept. 25.—The Daily News news in the presentation of a photograph of the German imperial family to the sultan and in the expulsion from Berlin of Prof. Thos. H. G. Moore, the well-known Armenian lecturer, to whom the telegrams telegraphed from Constantinople that Germany's influence with the sultan is now more powerful than that of all the other powers.

The Carpenters and Joiners.

CARDO, Sept. 25.—The question of making the office of the chief executive a salaried position occupied nearly all of Thursday's session of the United Brotherhood of Carpenters and Joiners, which was finally agreed to.

A bill was introduced to that effect,

and after a long debate it was adopted, making the amount of dues and initiation fees uniform all over the country.

Wreckage Wash'd Ashore.

BOULOGNE, Sept. 25.—Wreckage that had been washed ashore at Boulogne, the French port of the Gravelines, was

believed to be a French vessel of that name. There is no record of her crew, and it is thought they have perished.

DEEP SCHEME

To Hold December Wheat Until the Dollar Mark is Reached.

John Cudahy Credited With Being the Holder of Nearly All.

The Contract Wheat for December—It is Believed His Grip Gained Diversity by the "Corner Line" Price of Wheat. The December Wheat in Chicago Thursday was 65 1-2.

CHICAGO, Sept. 25.—December wheat began to take an upward turn on the market yesterday, trade Thursday.

John Cudahy, the credited holder of nearly all the contract wheat for December, is reported to have a deep-laid scheme to keep the stuff until the dollar mark is reached. The price is said to hold at least \$35,000,000 bushels.

There was a jump of 1 1/2 cents on the market Thursday, from 65 1/2 cents to 66 1/2 cents, the price being held at 64 1/2 and closed at 65 1/2.

Mr. Cudahy, the credited holder of nearly all the contract wheat for December, is reported to have a deep-laid scheme to keep the stuff until the dollar mark is reached. The price is said to hold at least \$35,000,000 bushels.

The Spanish government is making preparations to send 8,000 additional troops to the Philippines islands at once and to reinforce the garrison on the island of Formosa.

H. W. Richardson, doing business as the Manitowoc Dry Goods Co., Detroit, Mich., died yesterday.

Mr. Fleming, secretary of the National Sporting Club, London, announces that the club will immediately offer a purse to be contested for by Robert Fitzsimons and Peter Maher.

It is understood upon official authority that the British government has abandoned the idea of asking for the extradition of the alleged dynamiters, John Cudahy and Haines, who were recently arrested in Rotterdam.

D. H. Byrnes, a member of the executive committee of the national democratic party, arrived in Chicago Thursday night from New York. Mr. Byrnes says he will take up the active work of the campaign in the west during autumn.

A violent bubonic plague is prevalent in Bombay and in many other parts of the presidency, from which a hundred or more deaths have already resulted. The crops are failing, the presidency is to be in a state of rage to save them from almost complete failure.

Gen. McNulta, receiver for the whisky trust, Thursday mailed checks on 348 rebate claims, amounting to \$39,451. About \$100,000 worth of whisky was mailed in the next ten days, and the amount in all to about \$100,000. These claims are held in all parts of the country.

South Range, a small town six miles from West Superior, Wis., on the Oconto road, narrowly escaped destruction by a fire which started in a building which raged fiercely for several hours. A fire engine was dispatched to the fire from West Superior and succeeded in saving the town.

Perdroli and Rosario Ring were hanged at Sierra Amarrilla, N. M., Thursday morning. Ring killed a young man in a drunken brawl on the streets here on September 16, 1895. Padilla's crime was the assassination of John Vipond in August, 1894, when the latter was in camp near Copper City.

F. H. Johnson, a Chicago broker, put a bullet in his brain near the south point in Lincoln park and died almost immediately. He had been well known and had been connected with the board of trade 23 years. Afterward he met with reverses. Since then he was employed by different board of trade firms.

MILITARY ACADEMY BURNS.

MEXICO, Mo., Sept. 25.—The Missouri Military Academy, the largest institution of its kind west of the Mississippi, was entirely destroyed by fire. Seven students were injured. The loss is estimated at \$100,000.

FOR FRIDAY.

WASHINGTON, Sept. 25.—For Kentucky-Fair Friday, slightly warmer; southerly winds.

CHICAGO, Sept. 25.—Fair followed by increasing clouds and threatening weather Friday night; fresh and brisk; southerly winds.

INDIANA, Sept. 25.—Followed by local showers in the north portion of the afternoon or night; southerly shifting to westerly winds; cooler Friday night.

THE MARKETS.

SMALL EXPLOSION

Starts a Fire in the Water-Pierce Oil Warehouse, 101 East—Loss, \$500.

ST. LOUIS, Sept. 25.—Fire broke out in the warehouse of the Water-Pierce Oil Co. in East St. Louis, 4:30 yesterday morning. A small explosion from an unknown cause started the fire which at once attacked ten tanks, each containing 45 barrels of oil.

The St. Louis fire department sent a company to the scene of the fire and the assistance of the East St. Louis force. All their efforts were directed to preventing a spread of the flames. The entire plant of the oil company, together with four freight cars and two four-wheel trucks of the fire department were consumed. The loss will approximate \$50,000; all insured.

FLORIDA—Spring fancy, \$10.10 to \$11.40; spring patent, \$8.00 to \$11.50; winter patent, \$8.00 to \$11.50; spring, \$11.50 to \$12.50; winter, \$11.50 to \$12.50; rye, \$10.50 to \$12.50; rye, northwestern, \$10.50 to \$12.50; do city, \$12.50 to \$13.50.
